

Stand With Us Fund Application Guidance 2026

About Stand With Us

Stand With Us was set up to address the critical lack of investment in frontline organisations supporting women and girls who experience male violence.

Originally started with money raised by Reclaim These Streets in the wake of the appalling kidnap, rape and murder of Sarah Everard by a serving Metropolitan Police Officer, the fund exists to make the UK safer for all women and girls.

Women-led charities are vital in supporting women and girls who are affected by male violence but many of these organisations face severe underfunding and are struggling to meet escalating costs amid rising demand.

Stand With Us exists to address these challenges. The fund supports organisations to become stronger and more effective; better meeting the needs of women and girls and influencing wider change for all women and girls across the UK. Organisations can apply for up to £28,000 to fund areas related to organisational development, including strategy, governance, leadership, movement building, alliances, fundraising, impact, systems and processes.

The fund was launched in 2022, and we have delivered two rounds of the programme. In the first round 25 organisations were supported, reaching 13,359 women and girls. Organisations leveraged £4 for every £1 invested, raising an additional £2.1million. You can read more about the impact on our website: [Stand With Us Impact Report](#).

The second round in 2024 awarded 24 grants totalling over £550,000, and has reached 14,243 women and girls. We are now launching the third round of the Stand With Us programme, which as with previous rounds, launches after close consultation with an Advisory Group of VAWG sector experts.

This fund is for organisations that have an income of between £100,000 and £500,000 (from their last set of published annual accounts).

We will fund organisations whose primary purpose is providing services directly to women and girls. The organisations will be delivering a frontline service to women and/or girls who have been affected by male violence and abuse including (but not limited to) domestic violence, coercive control, rape, sexual abuse, forced marriage, 'honour' based violence, FGM, sexual harassment, economic and financial abuse.

With the funding we have raised to date, we expect to be able to support at least 18 organisations across the four UK nations.

The deadline for applications is 4pm on Monday 22nd June 2026.

Grants will be paid in January 2027 and will last for one year.

Once you have read this guidance, please attend one of our How to Apply webinars for more information or send queries to grants@rosauk.org.

Background to the Fund

Rosa has worked with an Advisory Group comprised of Rosa Trustees, VAWG experts from across the UK and representatives from Reclaim These Streets, to determine the parameters of the Stand With Us fund. The Advisory Group developed and agreed the details of the fund, including the type of organisations the fund will support; the aim and priorities of the fund, and how much organisations can apply for. The recommendations made by the Advisory Group were considered and approved by Rosa's Board of Trustees.

What Rosa wants to achieve with this funding

The Stand With Us fund (Round 3) aims to achieve the following outcomes:

- **Women and girls** will be supported by organisations delivering frontline services to end male violence against women and girls, ensuring women and girls can be safe, healthy and equal.
- **Women and girls' organisations** will be empowered and strengthened, meaning that they will be in a stronger position to survive, thrive and grow into the future.

We want to enable organisations to be in a stronger position to survive, thrive and grow by investing in organisational development work such as developing strategy, strengthening governance and leadership, a stronger voice in the women's movement, creating stronger alliances and partnerships, increasing fundraising, volunteering, demonstrating impact and more effective systems and processes.

This means organisations will be able to report **one or more** of these changes:

- a clearer or a more detailed strategy
- more effective governance
- more effective leadership
- a stronger voice within the women's movement
- stronger alliances with other women's organisations
- more able to attract funding from other sources
- more able to demonstrate the impact of your work
- more effective systems and processes

Examples of the types of activities we will fund against each of these outcomes are provided later in this guidance.

Who can apply?

This fund is for women's and girls' organisations delivering frontline services addressing male violence against women and girls that have an income of between £100,000 and £500,000 (from their last set of published annual accounts).

In order to apply, your organisation must meet **all** the following eligibility criteria:

- **Meet Rosa's definition of a women's and girls' organisation.** Rosa defines women's and girls' organisations as those which are run by, for and with women and girls. This means that your organisation will be governed and led by women. It will have a Board of Trustees (or similar) where the Chair is a woman, and the majority of members are women. The majority of your organisation's employee leadership team will be women. Your organisation will have the principal objective of working with women and/or girls and the majority of your organisation's beneficiaries are, and will always be, women and/or girls.
- **Be an organisation delivering a frontline service to women and/or girls who have been affected by male violence and abuse** including (but not limited to) domestic violence, coercive control, rape, sexual abuse, forced marriage, 'honour' based violence, FGM, sexual harassment, economic and financial abuse.

- **Be a not-for-profit organization**
- **Have an income of between £100,000 and £500,000 from your last set of published annual accounts** (these are full year accounts which have been signed off by your board).
- **Have unrestricted reserves of no more than 12 months' expenditure.**
- **Have a written governing document, e.g. a constitution or set of rules.**
- **Have a governing body with at least 3 unrelated members.**
- **Have a UK-based bank or building society account in the name of the organisation,** with at least 2 unrelated signatories.
- **Have an appropriate safeguarding policy in place** (every organisation that delivers charitable activities has a duty to safeguard volunteers, staff members, participants and donors).
- **Deliver all their work in one or more of the four UK Nations:** England, Scotland, Wales, and Northern Ireland.

Once the fund is closed, we will work with assessors to carry out eligibility checks on all applications. This includes reviewing the application information and the supporting documents. We will also review the organisation's online details, such as website, social media and any details listed by the organisation's relevant governing body. We do not use Artificial Intelligence to assess applications.

The Stand With Us fund will prioritise women's and girls' organisations which are:

- operating in the top 10% of the most disadvantaged areas in the UK -based on the Indices of Multiple Deprivation (IMD);
- based in Scotland, Wales or Northern Ireland;
- led by and for Black and minoritised women and girls;
- led by and for disabled women and girls;
- led by and for LGBTQ+ women and girls.

We are especially interested in funding organisations which are led by and for the women they work with because we recognise the value of organisations being user-led. By this we mean that organisations are created from and connected to the communities they serve.

These are all priority groups for this programme and are not listed in priority order. Organisations which meet more than one of the above priorities will be given higher priority than those that meet one priority.

In addition, organisations that have not received funding from Stand With Us Round 2 (awarded in 2024/25), will be prioritised in this third round of funding.

If organisations received a Stand With Us Round 2 grant they are welcome to apply but will not be prioritised, and will need to evidence that a further grant would enable them to build on their earlier work to strengthen their organisation. If an organisation requests a grant for staff posts that were funded previously by Stand With Us 2, a clear rationale would be needed about how any posts would continue to be paid once the grant has ended.

Organisations must deliver all their work in one or more of the four UK Nations: England, Scotland, Wales, and Northern Ireland

How much can you apply for?

You can apply for a grant of up to £28,000 over a 1-year period from January 2027 to December 2027.

What sort of work will Rosa fund?

We will fund organisational development work that will support your organisation to survive, thrive and grow into the future.

We know that developing an organisation takes time and resource, so through this programme **we are funding extra capacity** to help strengthen your organisation, rather than supporting existing costs. This may include bringing in external support such as working with consultants or contractors. We will also backfill senior staff positions to free up senior staff to engage in organisational development work and/or pay for additional senior staff time.

Although our focus is on providing extra capacity, we encourage applicants to ask for a contribution to their general running costs through the grant, as we understand how important this is to an organisation's financial security. Up to 15% of your grant can be for general running costs. For example, if you are requesting £28,000, £4,200 of this can be for general running costs.

When we are assessing your application, we want to see that our grant will help you make **one or more** of the changes listed in the table below. The table sets out examples of the type of work we will fund.

The change we want to see	Examples of work we will fund (not an exhaustive list) <i>Here are some of the types of work we can fund (it is not an exhaustive list). It isn't our intention to direct you to apply for these costs, but simply to give you an idea of the breadth of costs we can consider.</i>
Your organisation has more effective leadership	<ul style="list-style-type: none"> • Leadership training for senior staff members or to enable staff to take the next step into leadership roles • Specialist management or skills-based training courses • Mentoring and coaching • Organisational awaydays to support the growth and sustainability of your organisation • Extra capacity and expertise to support current staff to develop how your organisation is led and managed through a review process or by providing mentoring and coaching. • You may also want to include costs for staff self-care: we recognise that this takes many different forms.
Your organisation has more effective governance	Commission expertise and/or extra capacity to undertake a governance review, conduct a board skills audit, or run training for the board and staff team.
Your organisation has a clearer or a more detailed strategy	<ul style="list-style-type: none"> • Backfill the Chief Executive's role so they can develop a business plan, a new service, or a theory of change. • Buy in additional capacity or expertise to help you do this.
Your organisation has stronger alliances with other women's organisations	<ul style="list-style-type: none"> • Organise a programme of visits to other organisations doing similar work to you, in order to share learning, build partnership and improve your work; • Backfill a staff members' time to enable them to develop partnerships with other organisations; • Pay a membership fee, or subscription cost where this would enhance your work and your reach. • Organise shared workshops to strengthen collaboration between women's organisations.

<p>Your organisation is more able to attract funding from other sources.</p>	<ul style="list-style-type: none"> • Develop a fundraising strategy, employ a fundraiser, or invest in staff training. • Research how you could tap into new sources of funding such as Trusts and Foundations you haven't worked with before, crowd funding, community giving, or setting up a social enterprise.
<p>Your organisation has a stronger voice within the women's movement.</p>	<ul style="list-style-type: none"> • Develop a communications or marketing strategy for your organisation. • Employ someone to develop and run your social media presence or train existing staff in how to do this. • Train volunteers so they are more confident undertaking media work, or public speaking. • Develop and run a training course for women who are interested in your work and who would like to volunteer for you. • Undertake a recruitment drive to attract new volunteers to support your work.
<p>Your organisation is more able to demonstrate the impact of its work.</p>	<ul style="list-style-type: none"> • Improve how you collect and use information about your organisation's impact. • Design and implement a monitoring system, or a way of collecting feedback. • Purchase a database and input your data into it. • Buy in extra resource to develop new ways of communicating your impact to stakeholders and potential funders such as using case studies.
<p>Your organisation has more effective systems and processes.</p>	<ul style="list-style-type: none"> • Design and implement a new I.T system and develop new processes such as referral systems or financial controls in order to improve your work and secure the organisation's long-term future. • Train employees in new ways of working that will improve the way services are delivered.

What cannot be funded?

We will not fund the following types of activities:

- organisations that do not meet our eligibility criteria including our definition of a women's and/or girls' organisation
- responsibilities of statutory agencies
- profit-making work
- party political activity
- activities promoting religious beliefs
- work outside the UK
- applications from individuals
- overseas travel
- interest payments on loans
- building purchase
- costs that your organisation has already incurred ('retrospective costs')

How to apply

To apply, please read this guidance along with the FAQs and attend a 'How to Apply' webinar if you can, and then complete the steps below.

1. Submit our [brief online registration form](#)

This form acts as an eligibility check. Once you have submitted the registration form and provided your organisation is eligible for Stand With Us funding, you will receive an email (to the same email address entered in the registration form) with a link to the application form.

2. Submit our [application form](#)

The deadline for applications is 4.00pm on Monday 22nd June 2026. We are unable to accept late applications.

Submitting your application form

If you would like to plan your answers before going online to fill in the forms, the application form questions are listed at the end of this guidance document.

If you start your online application, but are unable to complete all the required information, don't worry. You can save and resume your application at any time but when you have started a section you will need to complete all of the required fields before you can save it.

- Please note that **each login will allow you around 60 minutes** of application form edit time, after which you will need to login again.
- **Please make sure to save your answers frequently.**
- **Please make sure that you have opened and completed every section before submitting.**
- **When you are ready to submit your application** please complete the final section and click Save Changes at the bottom of the section. Clicking Save Changes will submit your application and you will no longer be able to edit it via this portal.
- **Please note your application reference number.** This is shown against your organisation name under the sections in the form. If you can see more than one application listed, please continue with only one of them and email grants@rosauk.org to ask for the other application to be deleted.
- **You can change your registered email address,** however you will need to use the new email address next time you log in, as the old one will have stopped working. Please make sure that you use an email address that you have access to.

Resources for applicants

Rosa will be hosting '**How to Apply**' webinars to help applicants develop their applications. Please register for one using the links below:

19th May - 10.30-11.30am – [register here for 19th May webinar](#)

11th June – 2.00-3.00pm – [register here for 11th June webinar](#)

If you cannot attend either of these dates, please get in touch and we can share the webinar recording after 19th May.

If you have an enquiry that is not covered in this application guidance or in the FAQs, you can send your enquiry to grants@rosauk.org. Please make sure you include your organization name in the email. If you have any access requirements please let us know what support we can provide. We will do our very best to respond to your email within 5 working days.

How will decisions be made?

Stage 1

We will do basic eligibility checks before shortlisting. Applications will be shortlisted based on:

- Passing the eligibility checks
- How well the proposal fits with the aim and priorities of the fund
- Need and opportunity for strengthening your organisation at this time
- A good geographic spread of applications across the four UK nations
- A number of organisations operating in the top 10% most disadvantaged areas in the UK – based on the Indices of multiple deprivation (IMD);
- A number of organisations led by and for: Black and minoritised women and girls; disabled women; or LGBTQ+ women and girls
- A number of organisations that have not previously received a grant from the Stand With Us 2 fund.

Assessments will be carried out by Rosa grants assessors. Please note that we do not use AI in our grant making decisions.

Stage 2

Applications that pass the shortlisting process will go through to the next stage, which may involve a pre-arranged call with your organisation to discuss your application.

Stage 3

We take a participatory approach to our work, and value the experiences of those closest to the work we are supporting. Therefore, applications will be considered by a grants panel which is made-up of women with relevant expertise, which includes understanding of the VAWG sector. Recommendations from the Grants Panel will be approved by Rosa's Grants Committee which is made up of a group of Rosa's Trustees.

Application timetable

- **Fund opens:** Tuesday 12th May 2026
- **Closing date for applications:** 4pm Monday 22nd June 2026

- **Notifications to applicants not shortlisted:** by Friday 7th August 2026
- **Call to discuss your application (if necessary)** – August 2026
- **Notification of outcome for all other applicants:** by Thursday 12th November 2026

We recognise that this is a fairly long assessment process, but feel it is important to build in enough time to shortlist and assess applications, and to undertake the high-quality grant making that we are proud of at Rosa.

If you are successful

We look forward to building a relationship of trust and support with funded organisations and we will be here to discuss any queries regarding your grant during the funding period. We are open to discussing proposed changes to your grant, recognising that circumstances change.

Grant payments and reporting

We will pay your grant up front in January 2027, after we receive your signed grant agreement.

We understand how challenging reporting on grants can be, therefore we will ensure that the monitoring of this fund is light touch to prevent adding additional burden to organisations. We will also provide guidance material and be available for any queries to take you through our simple reporting process.

There will be a short mid-point grant report and a simple end of grant report form to complete, which will capture how funding has been used and the extent to which it helped.

Alongside provision of grant funding, Rosa will also provide capacity building support that will be tailored in collaboration with the organisations we fund.

To find out more about Rosa's work you can follow us on LinkedIn and sign up to our newsletter (on the homepage of [our website](#)) to hear about future funding opportunities.

If you are not successful

We understand the need for funding of this kind is great and that we are highly likely to receive more applications than we can support. If your application is unsuccessful, we will write to you telling you the reasons why. We provide feedback on common errors and application weaknesses.
