

Voices from the Frontline Fund – Frequently Asked Questions (FAQs)

1. Who can I contact if I have an enquiry?

Please contact grants@rosauk.org, making sure you include your organisation name in the email.

2. I need accessibility support with the application form. How can I get support?

Please get in touch to discuss how we can help. You can contact us by email: grants@rosauk.org

3. I'm having technical difficulties with the online application form, can you help?

You can find details of how to apply in our application guidance. The application process has three steps:

- Registration form and eligibility check
- Application form
- Submit a three-minute video outlining how you will use the funding.

Please note that you need to complete the registration form before accessing the application form. This form helps you work out if your organisation is eligible for this fund. Please only submit the form if you consider your organisation to be eligible. Once you have submitted it you will receive an email with a link to the application form. The email will go to the same email address entered in the registration form.

If you would like to plan your answers before going online to fill in the application form, the questions are listed at the end of the application guidance.

If you need further technical assistance, please contact us at grants@rosauk.org

4. Do organisations have to be registered as a charity to apply?

No, but their activities must be charitable, legal and for the benefit of women and/or girls. They must also have all of the supporting documents listed in the application guidance.

5. Do you fund non-constituted groups?

No. Whilst organisations do not need to be a registered charity or company to apply, we do require organisations to have a governing body and to be constituted.

6. Can you accept an application from a partnership of two organisations?

We will not accept applications made in partnership with another organisation, or organisations applying to the fund on behalf of another organisation.

7. How will funding decisions be made?

Once the fund is closed, we will work with assessors to carry out eligibility checks on all applications. This includes reviewing the application information and the supporting documents. We will also review the organisation's online details, such as website, social media and any details listed by the organisation's relevant governing body. We do not use Artificial Intelligence to assess applications.

This will be followed by a shortlisting stage. Applications will be shortlisted based on:

- Passing the eligibility checks
- How well the proposal fits with the aims of the fund
- A good geographic spread of applications across the four UK nations
- Rosa will prioritise the following types of organisation:
 - Organisations operating in the top 20% most disadvantaged areas in the UK – based on the Indices of Multiple Deprivation (IMD);
 - Organisations based in Scotland, Wales or Northern Ireland;
 - Organisations led by and for: Black and minoritised women and girls; disabled women and girls; or LGBTQ+ women and girls

Whilst we prioritise applications from the organisations listed above, our Grants Panels sometimes fund other organisations in order to ensure our funding is spread across the UK, or to ensure we are funding a balance of local and national campaigns.

The final funding decision will be made by a panel comprised of Rosa Trustees and experts from the women and girls sector.

8. What if my application is unsuccessful?

We understand that you will have spent a lot of time completing your application and that it will be disappointing to not be successful. Unfortunately, due to the high demand for funding, Rosa receives far more high-quality applications than we can fund.

If your application is unsuccessful, we will write to you outlining the reasons why. We provide feedback on common errors and application weaknesses.

Decisions cannot be appealed, but if you have a complaint about how your application has been processed, please contact confidential@rosauk.org

9. Will further rounds be available after this?

Please sign up to our newsletter on the [Rosa website](#) for updates on any Rosa funding that is available in future.
